CONNECTICUT STATE CAPITOL

## PREFACE

Realizing that the increasing demand for this publication is an eloquent indication of the value placed on the dependability of its contents, we have attempted to compare and correct as far as possible statistics on the same subjects but from different sources in order that the results obtained may be as comprehensive as possible.

We have retained the general arrangement used last year, co-ordinating such changes as were made necessary by the enactment of reorganization of state government legislation. We have attempted to make this issue a valuable and authoritative reference, and we are greatly indebted to those who have assisted in furnishing much of the valuable information contained in this volume.

C. JOHN SATTI,

*Secretary.*

# DECLARATION OF INDEPENDENCE

In Congress, July 4, 1776

## THE UNANIMOUS DECLARATION of the THIRTEEN UNITED STATES OF AMERICA.

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed, by their Creator, with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness. Prudence, indeed will dictate, that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these Colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused to assent to laws, the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his

assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment of any murders which they should commit on the inhabitants of these States:

For cutting off our trade with parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond the seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarg-

ing its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies.

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation, and tyranny, already begun, with circumstances of cruelty and perfidy, scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrection amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms; our repeated petitions have been answered only by repeated injury. A prince whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connexions and correspondence. They, too, have been deaf to the voice of justice and to consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation and hold them, as we hold the rest of mankind, enemies in war, in peace, friends.

We, therefore, the Representatives of the United States of America, in General Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by the authority of the good people of these Colonies, solemnly publish and declare, That these United Colonies are, and

of right ought to be, *free and independent States*; that they are absolved from all allegiance to the British crown, and that all political connexion between them and the State of Great Britain is, and ought to be, totally dissolved; and that as *free and independent States*, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which *independent States* may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

## The Commission Concerning the Reorganization of the State Departments

---

The Commission Concerning the Reorganization of State Departments was created by the 1935 session of the General Assembly in response to a growing demand for the simplification of the administrative structure of the state government. For over thirty years the inaugural addresses of incoming governors have repeatedly given expression to the belief that the increasing complexity and consequent unwieldiness of the state administrative organization were definite deterrents to the efficient and economical conduct of the state's business.

Two special commissions had been established by the General Assembly prior to its 1935 session to study this problem. The first was a commission to investigate the advisability of consolidating certain state boards and commissions and to investigate the public health laws. This commission was created by a law enacted by the General Assembly on February 9th, 1915, and submitted its report to the same session of the General Assembly. The second was a civil administration code commission which was established by the 1919 session and reported to the 1921 session of the General Assembly. Only a relatively small part of the recommendations of these two commissions was eventually enacted into law.

Governor Cross in his inaugural addresses of 1931, 1933 and 1935 emphasized the need of simplification of the state administrative organization as an essential prerequisite to the economical and efficient conduct of the state's business. The 1935 session of the General Assembly acted favorably upon the recommendations of the Governor by enacting a statute creating a commission of five residents of the state to be appointed by the Governor with the advice and consent of the General Assembly. The commission thus created consisted of Thomas Hewes of Farmington, Chairman; Charles E. Clark of New Haven, Vice Chairman; Kenneth F. Cramer of Wethersfield, Secretary-Treasurer; F. Goodwin Smith of West Hartford; and Thomas W. Russell of West Hartford.

The statute creating the commission provided that "the commission shall study all the functions of the state government, ascertain as far as practicable all duplications of service and effort, determine the most economical method of furnishing the present state service, and recommend the abandonment, modification or consolidation of any existing departments and the creation of such new departments as may be required for the most economical operation of the state government."

The commission met and organized on June 21st, 1935. Offices were established in the State Capitol. Dr. Benjamin P. Whitaker was appointed Research Director and took office on July 1st, 1935.

The commission was assisted in its investigation by the following specialists on the various functions of the state government:

Dr. H. J. Baker, Director, Agricultural Extension Service of the State of New Jersey; Consultant on Agriculture.

Professor N. D. Canterbury, Yale School of Forestry; Consultant on Conservation.

Mr. Randolph W. Chaffee, Consulting and Research Division, Public Administration Service, Chicago; Consultant on Purchasing.

Mr. Roy W. Crum, Director, Highway Research Board, Washington, D. C.; Consultant on Highways.

Professor George H. Dession, Yale School of Law; Consultant on Public Safety.

Dr. Leonard W. Hatch, formerly member of the Industrial Commission of the State of New York; Consultant on Industrial Relations.

Professor Kent T. Healy, Yale Sheffield Scientific School; Consultant on Public Utility and Aeronautical Regulation.

Professor Clyde Hill, Yale Department of Education; Consultant on Education.

Professor Ira V. Hiscock, Yale School of Medicine; Consultant on Public Health.

Dr. Burdette G. Lewis, American Public Welfare Association, Chicago; Consultant on Public Welfare.

Professor Edwin W. Patterson, Columbia Law School; Consultant on Insurance Regulation.

Dr. Joseph W. Pois, Consulting and Research Division, Public Administration Service, Chicago; Consultant on Personnel Administration.

Professor Charles J. Rohr, Trinity College; Consultant on Executive Offices and Military Department.

Professor Roscoe H. Suttie, Yale Sheffield Scientific School; Consultant on Water Agencies.

Professor Ray B. Westerfield, Yale Department of Economics; Consultant on Banking Regulation.

Mr. John F. Willmott, Consulting and Research Division, Public Administration Service, Chicago; Consultant on Financial Administration.

Each of these consultants studied the statutory powers and duties of the state departments, institutions and other agencies operating in his particular field, visited these agencies to survey their organization and operations, and submitted to the commission a report of his findings and conclusions. The commission organized itself into fifteen subcommittees, each assigned to one of the fifteen major divisions or functions into which the investigation was originally divided. Each subcommittee held one or more conferences with the consultant on its particular function, studied the consultant's report and other information prepared by the research staff and submitted its findings and recommendations for the consideration of the full commission.

The findings and conclusions of the commission were embodied in a report submitted to the Governor on January 25th, 1937, and were based not only upon the recommendations of the consultants but also upon other information in its possession. While accepting certain of the suggestions submitted by consultants, the commission modified, supplemented and rejected others in arriving at its conclusions.

The commission prepared and submitted to the General Assembly a single bill consisting of seventeen separate and self-contained articles and designed to carry into effect the recommendations submitted in its report.

In acting upon the bills submitted by the commission, the General Assembly prepared and enacted one hundred and seven separate acts carrying into effect, with omissions and modifications, the recommendations of the commission relating to (1) the legislative council, (2) the executive offices, (3) financial administration, (4) personnel administration, (5) purchasing administration, (6) public works administration, and (7) tax administration.

Briefly, the most important results of this legislation were first the establishment of an executive budget under which the Governor, operating through the office of the Director of the Budget, is made responsible for the preparation and execution of the state budget. Secondly, these laws established a merit system of state employment and created a personnel department consisting of the office of the personnel director and an advisory personnel committee to administer the merit system law. Thirdly, provision was made for the cooperative buying of all supplies, materials, contractual services, and equipment required for the operation of the state government and an office of supervisor of purchases was established in the department of finance and control for the administration of this purchasing system. Finally, a new department of public works was established and vested with authority to supervise and administer the construction of new state buildings and other fixed assets, the maintenance, repair and remodeling of all state buildings, and the maintenance and operation of certain state buildings in the city of Hartford.

Other phases of the reorganization program proposed in the bill submitted by the commission were referred by the 1937 session of the General Assembly to the legislative council for further study. It is expected that the legislative council will continue the investigation and report its recommendations for additional legislation to the 1939 session of the General Assembly.

The original law establishing the reorganization commission provided for the termination of its existence on April 1st, 1937. The special session of 1936 extended the time for filing the commission's report and the 1937 session continued the commission until June 1st, 1937.

CHARTER OAK TREE IN WHICH CONNECTICUT'S CHARTER WAS HIDDEN IN 1687.

## THE CHARTER OAK

---

"Only God can make a tree"

In our busy lives, let us cherish the memory of the Charter Oak—true to its trust and unto the end, an oak.

The famous old Charter Oak fell with a tremendous crash during the great storm at quarter before one o'clock on the morning of August 21, 1856. This famous monarch of the forest whose history is so intimately entwined in that of Connecticut, was supposed to be upwards of a thousand years of age.

Before Governor Wyllys came to America, he sent his steward forward to prepare a place for his residence. As he was cutting away the trees upon the hillside of the beautiful "Wyllys place" a deputation of Indians came to him and requested that he would spare this old hollow oak. They declared that it had been the "guide of their ancestors for centuries".

On the 31st of October, 1687, Sir Edmund Andross, attended by members of his Council, and a bodyguard of sixty soldiers, entered Hartford to take by force the Charter granted to the Colony by Charles the 2nd in 1662. By stratagem, however, the Charter was removed from the assembly room and concealed by Captain Joseph Wadsworth, a patriot of those times, in the hollow of the Wyllys Oak, afterwards known as "The Charter Oak".

In 1689, King James abdicated, and on the 9th of May that year Governor Treat and his associate officers resumed the government of Connecticut under the Charter, which had been preserved in the Old Hollow Oak.

## CONNECTICUT TOWNS IN THE ORDER OF THEIR ESTABLISHMENTS; WITH THE ORIGIN OF THEIR NAMES

Until 1700 almost the only official action of the colonial government (General Court) in regard to town organization, was to authorize the town name, usually chosen by its leading man, from his home in England. In October, 1700, we find implied or quasi incorporation, such as exists to this day in the records. "This assembly doth grant to the inhabitants of the town of Lebanon all such immunities, privileges and powers, as generally other townes within this Colonie have and doe enjoy." The authoritative legal definition of a town in England, contemporary with the earliest Connecticut settlements is given in the first edition of Coke's Commentaries upon Littleton, published 1628: "It can not be a town in law, unless it hath, or in past time hath had, a church, and celebration of Divine services, sacraments and burials." The churches, which moved bodily, with their pastors, from Massachusetts to Connecticut, proceeded to exercise the secular powers which we regard as those of the town, but the English township is known by its ecclesiastical name of parish. Several of our towns were first set off as parishes from great town-tracts; yet the town in Connecticut colony essentially separated church and state in government, in that it never restricted political suffrage to church members. As to dates, the official colonial records are followed, as soon as they begin, 1636.

Compiled from the official returns. The census of 1790 was somewhat imperfect. Of New London county it stated: "The return from this county is so blended that the number in each town cannot be ascertained. The aggregate is 33,000." Of the Litchfield County towns not returned, Hartford being at that time included, it is said that the aggregate is estimated at 20,342. Greenwich and Stamford are also included with Norwalk in the same census.

## CONNECTICUT FROM 1756 TO 1930.

The census of 1774 embraces as a part of Litchfield County "Westmoreland, 1,922," presumably the Pennsylvania tract at that time claimed by Connecticut. "Fair Haven, 1,317," is included in the figures for 1850. "Statistics of towns" and "Connecticut Towns in the order of their establishment: Origin of Names," in this volume show the origin of the later towns, and explain many apparent losses in population of the older ones.

## IN MEMORIAM

---

### J. HENRY RORABACK

The death of J. Henry Roraback, on May 19, 1937, removed from this life one of Connecticut's most outstanding citizens. A man who from a humble beginning on a Sheffield, Massachusetts, farm, by application of hard work and serious consideration of the problems of life, became by his own efforts one of the most prominent industrial and political figures in the History of this State.

Due to his engaging personality, his desire for self-defacement and his possession of a peculiar ability to create in those who were associated with him complete loyalty and respect, he was able by good business judgment and broad public viewpoint, to accomplish many of his ambitions, never failing however, to give full credit to his associates in these accomplishments.

His passing is not only a great loss to his friends and relatives, but to his Town, State and Nation.

\* \* \*

J. Henry Roraback was born in Sheffield, Massachusetts, on April 5, 1870, to John C. and Maria Roraback, and received his first schooling in that Town. At the age of 19, he removed to North Canaan, Connecticut, and later taught school in the Town of Salisbury, and at every available opportunity studied law in the office of his brother in Canaan.

In 1892, he was admitted to practice Law in this State, and opened an office in North Canaan, where he served as Registrar of Voters, Town Chairman and Postmaster under President William McKinley for a term of 8 years. On April 29, 1896, he was married to Mary L. Parsons of North Canaan.

In 1899, at the age of 29, he was elected a member of the Republican State Central Committee, becoming State Chairman in 1912, during which time, he gained the esteem and respect of political leaders of all Parties. He became a member of the National and Executive Committee of his Party in 1920, and continued to hold these offices until his death.

His success in Industry was equally rapid, Mr. Roraback having organized the Berkshire Power Company in 1905, the Connecticut Light and Power Company in 1917, and, at the time of his death, held the office of President of the Connecticut Light and Power Company, Electric Service Company, Waterbury Gas Light Company, Winsted Gas Company, Northern Connecticut Light and Power Company and Housatonic Power Company. He was also a Director of Aetna Life Insurance Company, National Fire Insurance Company, Automobile Insurance Company of Hartford, Aetna Casualty and Indemnity Company and the Hartford Connecticut Trust Company.

# UNITED STATES POSTAL REGULATIONS

## First Class (Limit 70 pounds):

Letters and written and sealed matter, 3 cents for each ounce, except when addressed for local delivery: Local letters, 2 cents an ounce at letter carrier offices; and 1 cent an ounce at all other offices unless collected or delivered by rural or star-route carriers, in which case the rate is 2 cents an ounce.

Letters in business reply envelopes—3 cents an ounce or fraction of an ounce, plus 1 cent additional for each letter. Local business reply envelopes, 2 cents an ounce or fraction, plus 1 cent additional for each letter.

Business reply cards, 1 cent each, plus 1 cent additional for each card anywhere in the United States.

Air Mail—6 cents for each ounce or fraction of an ounce.

No change in the rate on postal cards, private mailing or post cards, nor in letters for local delivery at offices not having letter-carrier service.

## RATES OF POSTAGE ON DOMESTIC MATTER.

1. *First Class.*—Letters and all other written matter whether sealed or unsealed, and all the matter, sealed, tied or fastened in any manner so that it cannot be easily examined, three cents an ounce or fraction thereof. Postal cards, one cent each. The left third of the address side of postal cards may be utilized for writing or printing. Post cards issued by private enterprise are under special regulations of the department, but in general have the same privileges, and are now 1 cent each. Local drop letters 2 cents an ounce except at offices where there is no carrier delivery service when that rate is 1 cent an ounce. Typewriting and carbon and letter press copies thereof are equivalent of handwriting and are classed as such in all cases. The rate of postage for air mail service is 6 cents per ounce or fraction thereof.

2. *Second Class.*—Newspapers and periodical publications when sent by publishers or news agents, the zone rates apply. Newspapers and periodical publications sent by persons other than the publishers and news agents, one cent for each two ounces or fraction thereof, or the fourth class rate, whichever is the lower.

3. *Third Class.*—Third class matter now comprises books weighing 8 ounces or less, and miscellaneous printed matter weighing 8 ounces or less. All other matter now comes under "parcel post" rates and conditions weighing over eight ounces.

*Air Mail Postage Rates.*—Domestic rates 6 cents per ounce or fraction of an ounce. Foreign rates, consult your Postmaster.

## NAME AND ADDRESS OF SENDER.

Whenever the interest or convenience of the sender of mail matter does not forbid it he should print or write on it his name and address in the upper left-hand corner of the letter or package, obligatory in case of parcel post matter. This will secure a notice to the sender in case of non-delivery, avoiding the delay involved in sending it to the dead-letter office, and, in case of a letter, the necessary invasion of its privacy.

The reason why so many articles of dead mail matter are accumulated and sold by the department every year is that they have nothing on them to indicate who mailed them.

It is very desirable to the department to have the senders of matter endorse upon it their names and addresses.

(This is not parcel post, must not have customs declarations attached, and must not be sealed except when addressed for delivery in Canada in which case such packages should be marked: "This may be opened for postal inspection if necessary." There is also an exception with respect to sealing in the case of C.O.D. 8-ounce merchandise packages for Mexico, which may be sealed.)

*Small Packets.*—Three cents for each 2 ounces, with a minimum charge of 10 cents per packet. Limit of weight: 2 pounds, 3 ounces. Dimensions: Same as for letters. (See the "International Postal Service" section, Official Postal Guide, for list of countries which accept small packets.) Small packets must bear the green label (Form C 1), Form 2976. They must also be accompanied by the paper form of customs declaration (Form 2976-A), properly completed by the sender and enclosed in the small packet. It is likewise permissible to enclose in small packets an open invoice reduced to its essential terms. Every small packet must be clearly marked on the wrapper by the sender with the words "small packet."

*Classification.*—It is recommended that mailers endorse the envelope or wrapper of all articles sent at the reduced rate to indicate the classification, such as "commercial papers", "printed matter", etc.

Special-delivery (*exprés*) service is now in force with the following foreign countries:

Argentina  
Australia  
Austria

Bahamas  
Belgium  
Brazil

British Guiana	Italy (including Libya (Tripolitania and Cyrenaica), Eritrea and Somaliland)
British Honduras (Belize only)	
Canada	Japan
Chile	Kenya and Uganda

An article intended for special ("expres") delivery in any of the countries mentioned above must be prepaid 20 cents, in addition to the regular postage, by United States special-delivery or other stamps affixed to the cover. There should also be affixed one of the "expres" labels (Form 2977) or the cover must be marked boldly in red ink "Expres," directly below but never on the stamps. In some countries the service is limited to certain cities, lists of which appear under the country items in the "International Postal Service" section, Official Postal Guide. In Canada and Newfoundland the special-delivery service applies only to letters (or articles prepaid at the letter rate). In the other countries of the above list, the "expres" feature is applicable to ordinary and registered Postal Union Articles (letters, post cards, commercial papers, printed matter, samples and small packets), but not to parcel-post packages.

NOTE: Reduced bulk mailing rates under Section 562 of the Postal Laws and Regulations are no longer applicable to matter for foreign countries.

#### WHEN SERVICE EXISTS.

No provision is made for the transmission, in the mails proper, exchanged between the United States and foreign countries of articles of miscellaneous merchandise, unless they are sent as bona fide trade samples which comply with the prescribed conditions. But as the postal conventions do not define the term "letter," it is held that a package upon which the postage has been paid at the letter rate in full was intended by the sender to be sent as a letter; and when it does not contain prohibited articles, is required to be considered and treated as a letter. Consequently, unsealed

\* (Including Saar Territory).

packages addressed to foreign countries which are fully prepaid at the rate of postage applicable to letters are allowed to be forwarded to their destination, even though they contain articles of miscellaneous merchandise, provided the countries of destination permit the importation of articles liable to customs duty in the form of letters or in packages prepaid at the letter rate of postage.

### PARCEL POST.

Parcel post packages may be sent to most foreign countries, and the limits of weight range from 11 to 50 pounds. Consult your Postmaster for rates, weight limits, and conditions applicable to parcel post packages addressed for delivery abroad.

Articles other than letters in their usual and ordinary form are excluded from the mails unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any articles enclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. But unsealed packages may contain, in sealed receptacles, articles which cannot be safely transmitted in unsealed receptacles; provided that the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that the package is so wrapped that the outer cover can be easily opened.

All mail matter passing between the United States and Puerto Rico, Guam, the Philippines and Hawaii, or between these island possessions of the United States, shall be subject to the United States domestic classifications, conditions and rates of postage. (See pages 541 and 542.)

### UNAVAILABLE MATTER.

Obscene books, letters, papers, pictures, and postal cards; lottery circulars and letters; gunpowder, and other explosives; live or dead (not dried) reptiles, animals, and insects (except bees); poisons; and any articles liable to injure the mails or the persons of those handling them.

### WEIGHING PACKAGES.

Have all packages weighed at the post office. Postage must be prepaid in full or the packages will not be dispatched.

### REFORWARDING.

Letters will be forwarded from one post office to another upon the written request of the person addressed without additional charge for postage, but packages of third and fourth class matter cannot be forwarded or returned without a new payment of postage, unless postage is guaranteed, which must be stated on upper left-hand corner of wrapper or envelope.

## THE SPECIAL DELIVERY SYSTEM

Mailable matter intended for special delivery may be mailed at, and will be delivered from, any post office in the United States.

Accordingly, every article of mailable matter to which is affixed a special delivery stamp of required denomination, or other stamps of equal amount with the words "special delivery" above or under them, in addition to the postage required by law, will, upon its arrival by mail, have immediate delivery by a special messenger within one mile of any post office or delivery station or branch of such office and within the city or village delivery limits of offices having delivery service where such limits extend in excess of one mile from the post office, station or branch, and by rural carrier to patrons, of rural service who reside more than one mile from the post office, station or branch, but within one-half mile of the rural route. Special delivery is made at city letter carrier post offices from 7 a. m. to 11 p. m. and at all other post offices from 7 a. m. until 7 p. m., and after the arrival of the last mail, provided this is not later than 9 p. m.

This provision also applies to drop letters and other mailable matter deposited for local delivery, and to registered letters, when bearing special delivery stamps in addition to the full postage and the proper registry fee.

Special delivery stamps are sold at all post offices, and cannot be used for any other purpose than to secure immediate delivery.

## MONEY ORDERS.

The money order system is intended to promote public convenience and to secure safety through the mails of small sums of money. The maximum amount of a single order is \$100.

A person applying for a money order will be required to state the particulars upon a form of application which will be furnished by the postmaster.

Parties procuring money orders should examine them to see that they are properly filled out and stamped. This caution is necessary to avoid difficulties in the way of payment.

A money order may be endorsed once, but not oftener. The person who presents a money order for payment must be identified if unknown to the postmaster.

A money order may be repaid at the office of issue within one year, provided it bears not more than one endorsement. The fee will not be refunded. When a money order has been lost by either remitter, payee, or endorsee, a duplicate thereof will be issued by the department, free of charge, to the owner of the original upon his making application (stating the circumstances of the loss).

Money orders are paid at any money order office within 30 days after issue, but if paid at an office other than the one on which drawn a fee equal to that charged for its issue will be exacted.

The fees or charges for domestic money orders will be as follows:

For orders not exceeding \$2.50 . . . . .	6 cents
For orders not exceeding \$5 . . . . .	8 cents
For orders exceeding \$5, and not exceeding \$10 . . . . .	11 cents

For orders exceeding \$80, and not exceeding \$100 . . . . .	22 cents

## THE REGISTRY SYSTEM.

### DOMESTIC.

The registry system is intended to accord valuable mail matter the greatest possible security.

Postmasters, before receiving a letter for registration, must require the sender to have it securely sealed in every part with mucilage or glue; to have it fully and legibly addressed; to have it bear name and address of sender; and to have affixed the necessary stamps to fully prepay postage, registry fee, and required surcharge.

First, second, and third-class mail may be registered. Fourth-class matter may also be registered if it is sealed and first-class rate of postage is paid thereon. All first-class mail intended for registration must be securely sealed in every part. Second and third-class matter valued in excess of \$100, upon which a registry fee in excess of 30 cents is paid, must be sealed and first-class postage paid thereon.

Mail for dispatch via airplane service is accepted for registration, upon prepayment, by postage stamps affixed, of the required registration fee and surcharge if any, in addition to the airplane postage.

Two or more letters or parcels addressed to, or intended for, the same person cannot be tied or otherwise fastened together and registered as one.

The registry fees, which are in addition to the regular postage and surcharge if any, and the limits of indemnity therefor are as follows:

<i>Limit of Indemnity</i>	<i>Fee</i>
Not over \$5 . . . . .	15 cents
Over \$5 and not exceeding \$25 . . . . .	18 cents
Over \$25 and not exceeding \$50 . . . . .	20 cents
Over \$50 and not exceeding \$75 . . . . .	25 cents
Over \$75 and not exceeding \$100 . . . . .	30 cents
Over \$100 and not exceeding \$200 . . . . .	40 cents
Over \$200 and not exceeding \$300 . . . . .	50 cents
Over \$300 and not exceeding \$400 . . . . .	60 cents
Over \$400 and not exceeding \$500 . . . . .	70 cents
Over \$500 and not exceeding \$600 . . . . .	80 cents
Over \$600 and not exceeding \$700 . . . . .	85 cents
Over \$700 and not exceeding \$800 . . . . .	90 cents
Over \$800 and not exceeding \$900 . . . . .	95 cents
Over \$900 and not exceeding \$1,000 . . . . .	\$1.00

Mail matter without intrinsic value for which no indemnity is provided may be registered at the minimum fee of 15 cents.

A registry surcharge is collectible in addition to the registry fee when the value of a registered article (or the known or estimated cost of duplication in case of non-negotiable securities) exceeds the limit of indemnity prescribed for the registry fee paid, and the sender is required to declare the value, or the known or estimated cost of duplication in case of non-negotiable securities. The local post office should be consulted for full particulars.

Return receipts for registered mail: Fee, if requested at time of mailing, 3 cents; after mailing, 5 cents; at time of mailing to show address of delivery, 23 cents.

An additional charge of 10 cents is made when registered mail is restricted in delivery to addressee only, or to the addressee or order.

All parcel post must bear name of sender."

That for the purposes of this section the United States and its several Territories and possessions, excepting the Philippine Islands, shall be divided into units of area thirty minutes square, identical with a quarter of the area formed by the intersecting parallels of latitude and meridians of longitude, represented on appropriate postal maps or plans, and such units of area shall be the basis of eight postal zones as follows:

- (a) The first zone shall include all territory within such quadrangle, in conjunction with every contiguous quadrangle, representing an area having a mean radial distance of approximately fifty miles from the center of any given unit of area.

- (h) The eighth zone shall include all units of area outside of the seventh zone.

#### RATES OF POSTAGE.

Parcels weighing eight ounces or less are mailable at the rate of 1½ cents for each two ounces or fraction of two ounces regardless of distance. Parcels weighing more than eight ounces are mailable at the pound rate shown in the table of zones, given on the following page; a fraction of a pound is considered a full pound.

The same matter in parcels weighing 8 ounces or less is embraced in third-class mail.

*Rates of Postage on Fourth-class Matter (over 8 ounces)—To be Fully Prepaid—* are by the pound, according to distance or zone, a fraction of a pound being computed as a full pound, as shown in the following table and paragraphs (a), (b), and (c):

Note.—The rate for the first pound in each zone is shown in the table; the rates on additional pounds are: Local zone, 1 cent for each 2 pounds; first and second zones, 1.1 cents each pound; third zone, 2 cents; fourth zone, 3.5 cents; fifth zone, 5.3 cents; sixth zone, 7 cents; seventh zone, 9 cents; eighth zone, 11 cents; a fraction of a cent in the total amount of postage on any parcel being counted as a full cent.

## Exceptions

(a) In the first or second zone, where the distance by the shortest regular practicable mail route is 300 miles or more, the rate is 9 cents for the first pound and 2 cents for each additional pound.

(b) On parcels collected on rural routes the postage is 2 cents less per parcel than shown in the foregoing table when for local delivery and 3 cents less per parcel when for other than local delivery.

\*(c) Parcels weighing less than 10 pounds measuring over 84 inches but not more than 100 inches in length and girth combined are subject to a minimum charge equal to that for a 10-pound parcel for the zone to which addressed.

## WHERE MAILABLE.

Parcels exceeding 8 ounces in weight must be mailed at a post-office, named or lettered station, or such numbered stations as may be designated by the postmaster, or delivered to a rural or other carrier duly authorized to receive such matter.

Parcels collected on star routes must be deposited in the next post-office at which the carrier arrives and postage charged at the rate from that office. A reduced rate applies to parcels collected on rural routes.

## LIMIT OF WEIGHT AND SIZE.

If a parcel exceeds in weight 70 lbs. in local or other zones, or is greater in size than 100 inches in length and girth combined, it must be refused, no matter how small the excess may be in either case.

The law prescribes that a package to be admitted to the parcel post shall not exceed 100 inches in combined length and girth. In measuring the length the greater distance in a straight line between the two ends of the parcel shall be taken, while the girth is the actual measurement by a tape encircling the parcel at its thickest part.

The C.O.D. service to Austria and Germany is temporarily suspended, while the C.O.D. service with Hungary is temporarily suspended both ways.

*Fees*—The C.O.D. fees, which provide limited indemnity, range from 30 cents to 65 cents. (Consult postmaster.)

Return receipts for C.O.D. parcels sent to the countries mentioned, except Mexico, will be furnished upon request therefor by the sender and upon payment of a fee of 5 cents for each receipt; 10 cents for each receipt requested after mailing. No return receipt shall be furnished for registered C.O.D. parcels sent to Mexico.

*International Insured Mail*—International Insured parcel post service has been inaugurated between the United States and Austria, Brunei, Canada, Denmark (including Faroe Islands and Greenland), Dutch (Netherlands) East Indies, Dutch Guiana, Ecuador, Fanning Island, Federated Malay States, Finland, France (including Algeria and Corsica), French Indo-China, Great Britain and Northern Ireland, Greece, Hungary, Irish Free State, Italy and colonies, Leeward Islands, Macao, Malay States (Nonfederated), The Netherlands, Newfoundland (including Labrador), New Zealand, North Borneo (State of), Norway, Portugal, (including Madeira and the Azores), Portuguese West Africa (Angola, Cape Verde Islands, Guinea, St. Thomas Island and Prince's Island), Sarawak, Straits Settlements, Sweden, Switzerland, Turkey, Western Samoa and Windward Islands. Parcel post packages for Ecuador, Macao, The Netherlands, Portugal, and Portuguese West Africa may also be registered.

*Fees*—The Insurance fees range from 5 cents to 55 cents, providing for indemnity, in the event of loss, rifling, or damage. The limit of indemnity in most cases is \$100.00 (Consult postmaster.) However, the insurance fees on parcels exchanged between Continental United States (not including Alaska) and Great Britain and Northern Ireland range from 20 cents to \$1.50, providing for indemnity, in the event of loss, rifling, or damage, up to \$2,000. Also, the maximum indemnity payable for the loss, rifling, or damage of insured parcels addressed to Canada is \$200; to Portuguese West Africa \$9.65; to Ecuador \$50, and to Portugal (including Madeira and the Azores) \$50, except that in case of Portugal the indemnity payable is restricted to cases of loss (wrapper and contents) only.

Return receipts for insured parcels addressed to foreign countries except Canada will be furnished only upon request therefor by the sender and upon payment of a fee of 5 cents for each receipt requested at time of mailing and 10 cents if requested after mailing.

*Canada and Newfoundland*—Mailable merchandise and printed matter designated as third and fourth-class matter and Postal Union “prints” addressed to Canada or Newfoundland may be insured for the same fees and under the same conditions so far as applicable, including payment of indemnity, as apply to domestic mail of these classes. Third-class or “printed matter” may be registered, if desired, but fourth-class parcels of general merchandise may be registered only when sealed and postage is paid at letter rate.

Senders’ return receipts are not obtained for insured parcels addressed to Canada, but may be obtained for insured parcels addressed to Newfoundland by payment of a fee of 5 cents, in addition to postage and insurance fee, when requested at the time of mailing; when requested subsequent to the time of mailing, a charge of 10 cents is made.

The following articles and those of similar character shall not be accepted for transmission as insured mail for or from Canada or Newfoundland, but when mailable, may be sent as registered matter provided they are sealed and the letter rate of postage is paid: Precious stones, mounted or unmounted; all articles commonly known as jewelry used for *personal adornment*, such as, rings, brooches, tie pins, chains, cuff links, dress sets, fobs, bracelets, rosary beads, lockets, necklaces, etc.; all articles of gold or other precious metals for *personal use*, such as, cigarette holders, cigarette cases, vanity cases, cardcases, gold and silver pencils, lorgnettes, mesh bags, watches, etc.; gold scrap, jeweler’s fillings, fountain pens, money packets (which are construed as including bank notes, coin, including coins not current, bullion, gold dust, bonds, and coupons payable to bearer, stocks and other securities negotiable by bearer).

*International Ordinary (Parcel Post) Mail*—Limited indemnity may be paid in the actual amount of the loss, rifling, or damage to ordinary parcel post packages exchanged with certain countries. (Consult postmaster.)

A charge of 5 cents shall be made for an inquiry or complaint concerning any ordinary article (parcel-post package or Postal Union article) addressed for delivery in a foreign country, unless the sender is able to show, as prescribed, *prima facie* loss or other irregularity through fault of the Postal Service. (Consult Postmaster.)

# Representatives in Congress from Connecticut Since 1789

---

Previous to 1837 the Representatives from this State were elected by the people at large. The number at first, under the Constitution, was five and by later apportionments was changed in 1793 to seven, in 1823 to six, and in 1843 to four. From 1837 to 1843 they were elected one from each of the six districts into which the State was divided by an Act of the General Assembly; from 1843 to 1911 they were elected, one from each of the four districts established by the General Assembly of 1842, as follows: District number one, consisting of the counties of Hartford and Tolland; district number two, the counties of New Haven and Middlesex; district number three, the counties of New London and Windham; district number four, the counties of Fairfield and Litchfield. A fifth representative, to which the State is entitled under the census of 1900, was chosen at large. At the session of 1911 the State was divided into five districts as follows: District No. 1, County of Hartford; District No. 2, Counties of Tolland, Windham, New London and Middlesex; District No. 3, Towns of Cheshire; Meriden, Wallingford, Bethany, Hamden, North Haven, North Branford, Guilford, Madison, Woodbridge, Orange, West Haven, Milford, New Haven, East Haven and Branford in County of New Haven; District No. 4, County of Fairfield; District No. 5, County of Litchfield and the Towns of Southbury, Middlebury, Waterbury, Wolcott, Oxford, Naugatuck, Prospect, Beacon Falls, Seymour, Ansonia, and Derby in the County of New Haven. At the session of 1921, a law was passed creating the office of congressman-at-large to be in effect if the federal apportionment gave Connecticut six congressmen.

*In instances where no districts are given the elections were at large.*

## GOVERNORS OF CONNECTICUT

---

The supreme executive power of the State is vested by the Constitution in the Governor. He has the power to administer oaths, sign writs, issue processes, and to see that the laws of the State are faithfully executed. In case of emergency he may convene the General Assembly in special session. He is commander-in-chief of the militia of the State, has power to grant reprieves in all cases except impeachment, and has jurisdiction in the matter of requisitions from other states for criminals. He has power to veto any bills passed by the General Assembly, but his veto may be overridden by a majority vote in both Houses upon reconsideration. Any bill which is neither signed nor vetoed by him within five days after being presented to him (Sundays excepted) during the session of the General Assembly, becomes a law, in like manner as if signed by him. After adjournment of the General Assembly he is allowed fifteen days in which to act. The Governor must also present a biennial budget for the State early in the session of each General Assembly and has control over the quarterly allotments granted after the budget has been acted on by the General Assembly. He must from time to time give to the General Assembly information concerning the State and recommend such measures as he deems expedient. He may adjourn the General Assembly in case of disagreement between the two Houses to such time as he thinks proper, but not beyond the day of the next stated session. He nominates to the General Assembly the judges of the Supreme, Superior, and Common Pleas Courts and appoints, with the consent of the Senate or the General Assembly, the Commissioner of Aeronautics, the Banking Commissioner, the Commissioner of Finance and Control, Highway Commissioner, Insurance Commissioner, Commissioner of Labor and Factory Inspection, a Milk Administrator, Commissioner of Motor Vehicles, Public Utilities Commissioners, State Water Commissioners, Tax Commissioner, Statute Revision Commissioner, and Commissioner of Welfare. He appoints directly a Commissioner of Agriculture, Commissioner of Athletics, Dairy and Food Commissioner, Commissioner of Domestic Animals, Commissioners of Fisheries and Game, Health Commissioner, Liquor Control Commissioners, Police Commissioner, and various other minor boards and commissions. He is *ex-officio* a member of the Board of Control of the Connecticut Agricultural Experiment Station, the State Board of Education, the Board of Education of the Blind, the Board of Pardons, the State Library Committee, the Board of Trustees of the Connecticut State Hospital, and the Corporation of Yale University.

The Governor presided over the General Assembly before it was divided into two Houses in 1698; from that date until the adoption of the Constitution of 1818 he presided in the council or upper house, with a casting vote but no veto power. At the present time the Lieutenant-Governor presides over the Senate.

The title of His Excellency was given to the Governor by an act passed in May, 1777.

The Governor holds office for two years and receives an annual salary of \$5,000.

# DEPUTY OR LIEUTENANT-GOVERNORS

---

Before the Constitution of 1818 the Deputy-Governor presided in council, or the upper house of the General Assembly, in the absence of the Governor, but when the Governor was present the Deputy-Governor had a voice in council. Until 1818 he could exercise the office of a justice of the peace throughout the State, and he could sign writs until 1879.

The Lieutenant-Governor is President of the Senate, has a casting vote therein, and the right to debate when it is in Committee of the Whole. In case of the death, resignation, refusal to serve, inability to perform the powers and duties of his office, impeachment, removal from office or absence from the State of the Governor, the Lieutenant-Governor is required by the Constitution "to perform the duties of the Governor, until another be chosen at the next periodical election for Governor and be duly qualified, or until the disability be removed, or until the Governor impeached or absent, shall be acquitted or return." He is *ex-officio*, a member of the Corporation of Yale University, the State Board of Education and the Board of Visitors to the Sheffield Scientific School.

The title of His Honor was conferred upon the Lieutenant-Governor at the revision of the Statutes in 1784.

He is elected for two years and receives an annual salary of \$1,500.

## COMPTROLLERS

---

The office of Comptroller was created in 1786, by the General Assembly by whom the appointment was made until 1838, and since then, by the Constitutional Amendment of 1836, he has been elected by the people, in like manner as other State officers.

Before the institution of this office, orders on the Treasurer might be drawn by the Governor, or assistants; and by justices of the peace for sums under forty shillings. The committee of the Pay-Table, which this office superseded, was originally established to liquidate and adjust accounts of expenses relating to the War of the Revolution.

The Comptroller is required to adjust and settle all public accounts and demands, except grants and orders of the General Assembly, and to prescribe the mode of keeping and rendering all public accounts. It is his duty to state, from time to time, the amount of debts and credits of the State, to examine into the collection of taxes, to see that all officers engaged in their assessment or collection faithfully perform their duty, and to report to the General Assembly those who are unfaithful; to present all claims in favor of the State against estates of insolvent and deceased persons, and bring suits for the recovery of the money and property of the State.

He pre-audits all obligations against the state whether it be purchase order, contract or otherwise. Any purchase order or contract is void unless it carries his approval and certificate that it is recorded and charged against the applicable specific appropriation and that there are sufficient unencumbered funds. He transmits such certified purchase order to the vendor named therein.

He procures the State printing to be done. He is required to submit to the General Assembly, at the opening of each regular session and oftener, if required, an abstract of the receipts and expenditures of the public funds for the two years ending the 30th of June preceding, and plans and estimates relating to the public expenditures, revenues and funds.

He is *ex-officio*, one of the Auditors of the Treasurer's accounts, and a member of the Board of Canvassers, and Banking Commission.

He is elected for two years and receives an annual salary of \$2,500.

# ATTORNEYS-GENERAL

---

The office of Attorney-General was created by the General Assembly of 1897. The incumbent is elected by the people, in the same manner as the other State officers and must be an attorney-at-law of at least ten years active practice at the bar of this State.

His duties include a general supervision over all legal matters in which the State is an interested party, except those over which prosecuting officers have direction. He is required to appear for the State, the several elective State officers, the State boards, commissions, agents, etc., and institutions, in all suits and other civil proceedings, excepting upon criminal recognizances and bail bonds, in which the State is a party or is interested, or in which the official acts and doings of said officers are called in question in any court or other tribunal. He is called upon to give his opinion upon questions of law submitted to him by either branch of the General Assembly, to appear before legislative committees, when measures affecting the State treasury are pending, and take such action as he may deem to be for the best interests of the State, and act as general counsel for State officials in matter pertaining to their official duties.

He is chosen for a term of four years and receives an annual salary of \$10,000.

# CHIEF JUSTICES

---

The highest court in Connecticut was the General Assembly, until 1784, when it relinquished its function as an appellate tribunal to the upper house, which, when sitting for these purposes, was designated as the Supreme Court of Errors. The presiding officer or Chief Judge was at first the Deputy Governor, and later the Governor. In 1807 the membership of this court was completely changed by substituting, under an Act of the preceding year, the Judges of the Superior Court the Chief Judge of which became the presiding officer. The customary appellation was for some years, Chief Judge, but in the Constitution of 1818 the term Chief Justice was employed, and confirmed a practice already established in that respect.
